

4 Courses

**Introduction to CAD, CAM,
and Practical CNC Machining**

**3-Axis Machining with
Autodesk Fusion 360**

**Creating Toolpaths for a
CNC Lathe**

Multi-Axis CNC Toolpaths

Sep 26, 2020

ABDULLAH AL MAHMOOD

has successfully completed the online, non-credit Specialization

Autodesk CAD/CAM for Manufacturing

Through this specialization, learners were introduced to the latest technology trends across the manufacturing industry, including computer-aided design (CAD) and computer-aided manufacturing (CAM). Learners explored the manufacturing process in depth, and completed hands-on projects for practice of important skills, including CAD, CAM, and toolpath creation. Learners demonstrated creative confidence and practiced job ready CAD and CAM skills in order to become competent users of Autodesk® Fusion 360™ in a digital manufacturing environment.

Andrew Anagnost
President and Chief
Executive Officer of
Autodesk, Inc.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
